

Critical and Miscellaneous Essays, Vol. 3 of 7: Collected and Republished, (First Time, 1839; Final, 1869) (Classic Reprint)

Excerpt from Critical and Miscellaneous Essays, Vol. 3 of 7: Collected and Republished, (First Time, 1839; Final, 1869) To the student of German Literature, or of Literature in general, these Volumes, purporting to lay open the private intercourse of two men eminent beyond all others of their time in that department, will doubtless be a welcome appearance. Neither Schiller nor Goethe has ever, that we have hitherto seen, written worthlessly on any subject; and the writings here offered us are confidential Letters, relating moreover to a highly important period in the spiritual history, not only of the parties themselves, but of their country likewise; full of topics, high and low, on which far meaner talents than theirs might prove interesting. We have heard and known so much of both these venerated persons; of their friendship, and true co-operation in so many noble endeavors, the fruit of which has long been plain to every one: and now are we to look into the secret constitution and conditions of all this; to trace the public result, which is Ideal, down to its roots in the Common; how Poets may live and work poetically among the Prose things of this world, and Fausts and Tells be written on rag-paper and with goose-quills, like mere Minerva Novels, and songs by a Person of Quality! Virtuosos have glass bee-hives, which they curiously peep into; but here truly were a far stranger sort of honey-making. Nay, apart from virtuosoship, or any technical object, what a hold have such things on our universal curiosity as men!
