

Down from the Mountains, a Timothy Michael OHara Adventure (Timothy Michael OHara Adventures Book 1)

As his pa lies dying, Timothy Michael OHara, 12, promises he will leave the Allegheny Mountains he loves, and head east to find his appointed guardians. Wise in the ways of the mountains and survival, Tim begins his journey of self-discovery and manhood, vowing to fulfill his wishes. Even so, he doesn't like them. He's not sure what he wants most in life; he just knows that going east isn't it. Tim avoids thieves Jake and Jasper in the Allegheny Mountains, only to meet Ma and Max McGilly in the Shenandoah Valley. The mother and son are bond-slavers who make Tim uneasy with their interest. When he sees the McGillys and Jake and Jasper together, he knows he's in trouble and the chase begins. Down from the Mountains is an historical adventure novel for Middle Grade readers, set in the fall and winter of 1774-1775, just after the beginning of the Revolutionary War in faraway Massachusetts.
