

Writing With The I Ching (Writing With Psychology) (Volume 4)

Writing with the I Ching is about using the 64 Hexagrams of the ancient Chinese divination system to inspire your creative writing. In this book, you can discover how the 64 different hexagrams of the I Ching system can cast new light on your characters, stories and conflict points and develop them to deeper and more engaging levels. As Philip K Dick used the I Ching to help write *The Man in the High Castle*, so can you tap the hidden powers of your subconscious mind with the hexagram descriptions given in *Writing with the I Ching*.
