

## The Essays (Illustrated) : Or Counsels Civil and Moral

This collection of writings by English philosopher, statesman, and scholar Francis Bacon was first published in 1597. In it, he exercises his breadth as a rhetorician, using a wide variety of writing styles to discuss a broad range of topics, from truth, death, religion, and revenge to love, envy, marriage, friendship, and beauty. This digital edition contains fifty-eight essays plus one fragment, which Bacon was unable to finish before his death in 1626, and also includes artwork by Trizha Ko.
